The screenshot displays the top portion of the NI LabVIEW 2019 software interface. The top toolbar includes icons for file operations (Open, Save, Print, etc.), a play button, and various tool icons. Below the toolbar, the Scenario Manager window is open, showing a list of scenarios. The 'Scenario 0' is selected, and the 'New' button is highlighted. The 'Toggle FDI List Window' button is also visible. The background shows a partial view of a LabVIEW block diagram with a 'Choose Connection Type' dialog box.
